ITEM 1 A.L.M. & Associates requests Project Plan approval for a three-unit townhome development in the LDR (Low Density Residential) Zone, located at 895 W 2000 N. Carterville Neighborhood. Aaron Ardmore (801) 852-6404 aardmore@provo.gov PLPPA20250540

Applicant: A.L.M. & ASSOCIATES, INC.

Staff Coordinator: Aaron Ardmore

Property Owner: ALTITUDE WINDOWS LLC

Parcel ID#: 19:002:0007

Acreage: 0.48

Number of Properties: 1

Number of Units: 3

ALTERNATIVE ACTIONS

1. **Continue** to a future date to obtain additional information or to further consider information presented. *The next available meeting date is March 4, 2026, at 5:00 P.M.*
2. **Deny** the requested project plan. *This action would not be consistent with the recommendations of the Staff Report. The Administrative Hearing Officer should state new findings.*

Current Legal Use: The property currently contains one single-family home.

Relevant History: The home on this property was built in 1938 and has mostly been used as a rental in recent years.

Neighborhood Issues: No neighborhood meeting discussed this project plan. However, a prior concept for development on this property showing six units was discussed in 2019 and caused concern about the number of units and the adverse impacts associated. The applicant feels that by reducing the units to three and the fact that the City Council approved the zone change showing three units, they have addressed past concerns.

Summary of Key Issues:

- The proposal would remove the existing home and build three new for-sale residential units.
- This proposal provides three, two-story units with two-car garages and basements.
- The common area includes shared open spaces in the middle and rear of the property, and guest parking.
- A condo plat has been approved and is ready to record.

Staff Recommendation: Staff recommend that the Administrative Hearing Officer approve the project plan.

OVERVIEW

Mark Greenwood, with A.L.M. and Associates, is requesting Project Plan approval for a three-unit development on behalf of the owner, Altitude Windows, LLC – Jason Hales. This development was approved in concept with the zone change that the Council passed in January 2025. This proposal aligns with that concept and the LDR (Low Density Residential) zone.

The two front units are attached, with the front unit facing 2000 North, with a third detached unit separated by common open space in the middle of the property. All three units are for-sale on their own parcels.

The buildings are two-story structures with basements and garages on each unit. There is also surface parking at the rear of the property for guests, along with some additional open space. The plat that is ready for recording shows common areas with the need for an HOA to maintain shared access, parking, and open space.

FINDINGS OF FACT

1. The property is in the LDR Zone (Provo City Code 14.14A).
2. The proposed density is 6.25 units per acre.
3. The allowed density for the LDR Zone is 12 units per acre (PCC 14.14A.030).
4. The proposed parking is 10 spaces.
5. The required parking is 9 spaces (PCC 14.37.060).

CONCLUSIONS

Staff have reviewed the project plans and found that they are in compliance and able to be safely serviced by the city. This is a good infill project for a deep lot that can provide increased housing in a livable environment.
