The property is a double-frontage lot between North State Street and Columbia Lane; the current request is for the unit that fronts Columbia Lane.

NEIGHBORHOOD FEEDBACK

There has been no public feedback shared with staff at the time of this report.

PROJECT SUMMARY

The proposed used car dealer will occupy 2,082 square feet of space in the west corner of the building and have approximately 13,600 square feet of leased asphalt space for the required office parking spaces and car display area. Since the parking space requirement falls below six spaces, no new landscaping will be required, per PCC 15.20.090.

STAFF ANALYSIS

There are no standardized conditions for a used car dealership in the city code, but an analysis of the proposal following PCC 14.02.040, is as follows:

(2) The following standards shall apply to any request for a Conditional Use Permit:

(a) A proposed conditional use shall be granted unless the subject use will be detrimental to the health, safety, or general welfare of persons residing in the vicinity or injurious to property in the vicinity.

(b) A proposed conditional use shall be detrimental to the health, safety, or general welfare of persons residing in the vicinity or injurious to property in the vicinity:

(i) if the proposed use will cause unreasonable risks to the safety of persons or property because of vehicular traffic or parking, large gatherings of people, or other causes;

Finding: Complies. The proposed site plan provides five off-street parking spaces for the office staff and visitors, more than the code requirement of three spaces. Provo Engineering staff have reviewed and approved using the existing accesses on the site for this use.

(ii) if the proposed use will unreasonably interfere with the lawful use of surrounding property;

Finding: Complies. The use and traffic generated by the use are within the acceptable levels of service for this location and surrounding property.

(iii) if the proposed use will create a need for essential municipal services which cannot be reasonably met; or

Finding: Complies. Provo city services (water, sewer, power, etc.) are existing on the site and this proposal does not increase the need beyond what the city can provide.

(iv) if the proposed use will in any other way be detrimental to the health, safety or general welfare of persons residing in the vicinity or injurious to property in the vicinity.

Finding: Complies. The fire department has included a condition that restricts any potential safety concerns with this proposed conditional use.
